The Art Portfolio Hardback

The one that contains your children's beautiful drawings and messages, where possible edited to look like they have been drawn right into the book. This book will take pride of place on your coffee table for many, many years to come.

Prices upon request (depends on number of pieces of art). For this book, I will need the physical drawings that you would like to use in the book. I will scan them in myself and return them to you along with the printed book once it's done. These books involve plenty of work and therefore may take longer to create than the regular photobooks. Your patience is appreciated.
